**Summary:** On May 21, 2004, Rod Wright, representing Duke Energy North America, LLC (Duke), had a telephone conversation with Cmmr. Brown. Wright urged the Commission to consider the comments and arguments Duke had made in response to the alternate decision (AD) of Cmmr. Wood and urged the Commission to support the AD's recommendation that San Diego Gas & Electric Company should conduct another RFP in which all potential competitors are permitted to participate.

**Summary:** On May 21, 2004, Joseph Rowley, Vice President, Asset Management, Alvin S. Pak, Director, Regulatory Policy & Analysis, Sempra Energy Global Enterprises, on behalf of Sempra Energy Resources (SER), met with Cmmr. Brown in San Francisco. Also present were David Gamson and Peter Hanson, advisors to Cmmr. Brown, and William Engelbrecht, Vice President of Energy Supply for SER. Written material (attached to the notice) was used. Engelbrecht and Pak conveyed SER's support for Cmmr. Peevey's alternate decision (AD) and noted that the AD is the only pending decision that addresses the issue of maintaining the tax interests of the City of Escondido and that it correctly finds that the contract between SER and San Diego Gas & Electric Company (SDG&E) is in the public interest. Engelbrecht and Pak expressed the opposition of SER to Cmmr. Wood's alternate, and stated that the alternate holds that the Commission should defer approval of the Palomar contract. Engelbrecht and Pak indicated that the delays would result in adding substantial costs to the project, and would increase other costs to SDG&E and its ratepayers.

**Summary:** On May 24, 2004, Gerald Francis, General Manager, Rail Operations for the Los Angeles County Metropolitan Transportation Authority (MTA) met with Ross LaJeunesse, advisor to Cmmr. Kennedy, in San Francisco. Also present were Augustin Zuniga, Principal Deputy County Counsel, and Vijay Khawani, Director of Rail Operations Safety, for MTA, and Martin Mattes of Nossaman, Guthner, Knox & Elliott, LLP, counsel to MTA. Mattes explained that the settlement represented a compromise among the three local government agencies most directly interested in the proceeding, but that the

Pasadena Avenue Monterey Road Committee was opposed to the settlement. Francis and Zuniga explained that the Construction Authority had been responsible for building the light rail system known as the Gold Line and was still in the process of transferring the facilities to MTA, which has responsibility for operating the system. Francis described MTA's transition from testing the system to revenue operations and MTA's safety education efforts. Francis and Khawani explained measures that MTA has taken in response to concerns about the noise impacts. Zuniga briefly outlined other noise mitigation measures that the Construction Authority was prepared to take under the settlement. Francis noted that MTA opposes the idea of imposing a speed limit on its light rail vehicles. Francis concluded that the proposed settlement offers a fair resolution to the proceeding.
